

## Fundraising safely during COVID-19

**Meningitis Now are committed to safe and responsible fundraising during this pandemic.**

Keeping our supporters and communities safe during the coronavirus pandemic is Meningitis Now's priority. We are asking all supporters fundraising on our behalf to follow the [latest Government guidelines](#) regarding social distancing and COVID-19. Please note guidelines vary in [Scotland](#), [Wales](#) and [Northern Ireland](#). This is outlined in our updated fundraising guide.

We are committed to staying up to date with government guidance as the situation progresses and communicating this to our supporters.

While we are not in a position to assess whether individual events and activities comply with government guidelines, we are providing a template risk assessment for people fundraising on our behalf, to help them identify and mitigate risk and to aid them in their decision making. A copy of this template is available by emailing [supporters@meningititsnow.org](mailto:supporters@meningititsnow.org).
