

COVID-19 Young Futures Fund

Terms and conditions

- The COVID-19 Young Futures Fund is an emergency fund offering awards up to a maximum of £500 (subject to availability of funds)
- The fund is open for applications from 29 June and closes on 30 October 2020.
- We cannot consider part-payments or contributions towards items/equipment or services which exceed this amount.
- We will consider one successful application per child or young person.
- Applications can be made for different individuals within one family, but the awards cannot be combined to fund the same item/service.
- Funding will only be considered on receipt of a fully completed application form, together with appropriate supporting documentation.
- Panel meetings will be held regularly throughout the month as applications are received.
- Meningitis Now does not operate an appeal process; the decision of the panel is final.
- We will endeavour to notify you of the panel decision within five working days of the application being considered.
- Where an application has been successful, payment will be made to the individual provider of the item or service and NOT directly to the applicant.
- Items/equipment will be delivered to the home address provided on the application form.
- Any award made for equipment is provided on the basis that the equipment is the property and full responsibility of the individual/family. Parents/carers have a duty to ensure that any equipment applied for is safe and appropriate for the needs of their child.
- You will be required to complete and return an equipment agreement form.
- Meningitis Now does not take responsibility for the repair, up-keep, liability (insurance) and disposal of such equipment. In the event of faulty goods (and the item is still within warranty), we can provide proof of purchase upon request. We recommend that expensive equipment should be insured.
- Successful applicants will be required to complete an evaluation form. It is important that we can demonstrate to our funders and stakeholders, the impact awards have on the lives of children and young people during this pandemic and beyond.
- We will endeavour to fund as many awards as possible. We will operate on a first come, first served basis until the funding is fully allocated.
- Meningitis Now will review its criteria regularly and terms and conditions may be subject to change.
